DMC

## DMC Products Limited

DMC stands for “Designed & Made in China”, and its products are full of life. DMC has searched throughout the mainland to source capabilities for putting different materials into one design, stylishly and flawlessly. The company is constantly exploring every element for its creations, and does not only limit itself to wood, glass, metal and fibre. DMC has created a wide range of interior objects for homes and offices that evolve around daily needs. Objects truly represent the modern classics of East and West.
