

## Wings Trading (HK) Co., Ltd.

Wings Trading established in 1980, has transformed itself from a traditional business into an enterprise offering professional services. About 10 years ago, it set up marketing, design, engineering and other supporting teams to provide all-round product development services. Besides OEM services, Wings has concentrated on developing ODM products to diversify business in recent years. More design-oriented and technology-oriented products, such as the Anamorphic Cup, four season dining ware and silicone fabric projects, have been developed.
