## Winnington Metal & Plastic Manufacturing Co., Ltd.

Established in 1975, Winnington has wide-ranging experience in manufacturing household products. A humble OEM business in origin, it is now working closely with world-class brands and designers. It has also stepped into the brave new world of OBM designs, and promises customers "timely replenishment for business success." Metier and Toolbar, the houseware brands that Winnington is now promoting, are mainly designed in Hong Kong. It continues to broaden its collection of styled items, ranging from kitchenware to home interior products, for new perspectives and convenient, quality lifestyles.
