Beijing Beixiong Tec. & Ind. Co., Ltd.

Beijing Beixiong is a leading Chinese mainland glassware manufacturer whose innovative products are well received around the world, particularly in the US, Germany, UK, Japan, Italy and Australia. Its production facilities include seven advanced electric furnaces with the capacity to melt 85 tonnes of soda-lime glass per day. All products are fashioned from fully hand-blown soda-lime glass, with vases, candleholders, tableware and candy boxes among the 20,000 shapes available. The head office is based in Beijing, with branch offices located in the Chinese mainland and overseas.
