GazinCreate Co., Ltd.

GazinCreate was established in 2006. Its design team (known as "Team G.C") has a groundbreaking approach to material application, and has successfully produced a series of exciting articles true to its ideals. Team G.C gathers design talents from everywhere, according to the concept of the product. The attitudes and experiences of the designers are reflected in the articles, which add that extra touch that makes them unique. Last but not least, the team ensures that all items are environmentally friendly and user-safe. The company's motto is that the best inventions eventually become with the user, who will fall in love with it again and again.
